

Key Insights: -

- The business generated a total revenue of 7.17 million during the analysis period.
- The average profit margin was 15.30%, indicating that the company earned approximately ₹15.30 in profit for every ₹100 of sales.
- The five top-performing products by sales were:
 1. Office Chair
 2. Notebook
 3. Desk
 4. Pen Set
 5. Cabinet
- The South region contributed the highest share of total sales (28.51%), making it the best-performing region.
- Sales reached their peak in March and remained relatively strong in April and May before declining significantly in June.

Business Recommendations: -

- Increase marketing and inventory efforts for high-performing products such as Office Chair and Notebook to maximize sales and profitability.
- Analyse the reasons behind the lower sales of Printer and Laptop products and take corrective actions measures to improve their performance.
- Implement similar sales strategies used in the South region across other regions.
- Investigate the causes of the decline in sales during June and take appropriate measures to ensure consistent month-on-month sales growth.
